OVERVIEW

Our mission is to advance evaluation science and practice to help organizations create lasting social impact.

The Center is uniquely positioned in a top school of social work and public health. Our faculty, staff, and students work with you to help determine if your organizational goals and program outcomes are being met.

We can help you to:

• Improve efficiencies and program outcomes.
• Build your team’s evaluation capacity.
• Tell your story effectively.

Our team is committed to providing the highest quality evaluation services. We strive to understand the communities and context in which we work and advocate for using evaluation findings for decision-making and improvement.
